Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner left Applicants' Representative, B.J. Sadoff, a message indicating that this application was now on docket. However, upon preliminary examination of claims and documents in this application it was found that this application is not in sequence compliance and because there are sequences in the claims, this application can not be examined until such deficiencies have been corrected. The instant claims (dated 6/20/00) recited SEQ ID NO:5-29. The Sequence Listing filed 9/20/00 lists 41 sequences. The Sequence Listing filed 11/6/01 lists 5 sequences. The Office entered the CRF on 11/15/01 that Applicants filed on 11/6/01. The CRF has 5 sequences. There is a discrepancy between the claims, Sequence Listing and CRF. Appropriate correction is required. .
